

Keep your family safe online

The R;pple
“safety” plug-in
is designed to
save lives and
raise awareness
of suicide

What is R;pple?

R;pple is an interceptive tool designed to present a visual prompt when a person searches for harmful keywords or phrases relating to the topic of self-harm or suicide.

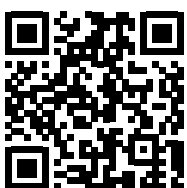

How does it work?

When individuals search for harmful keywords or phrases relating to the topic of self-harm or suicide, R;pple discretely intercepts and displays a message of hope, together with signposting to free mental health support.

How do I get it?

R;pple is currently available for Google Chrome, Microsoft Edge, Opera and Firefox browsers and is available from:

www.ripplesuicideprevention.com
